**Public Invited to Comment on National Core Standards:**

National standards for language arts literacy and mathematics have been drafted, and the New Jersey Department of Education is inviting members of the public to comment on the proposal. The “Common Core Standards” were released by the National Governor’s Association and the Council of Chief State School Administrators. They represent the work of K-12 and post-secondary educators throughout the country. After final standards are approved, each state would need to adopt the standards individually. The draft standards are available a [www.corestandards.org](http://www.corestandards.org). Grade-by-Grade standards will not be ready for review until late December or early January. Those grade level standards would also have to go through a review and adoption process by the State Board of Education before they would apply in New Jersey. Members of the public may send comments to [commoncore@doe.state.nj.us](mailto:commoncore@doe.state.nj.us) or via regular mail addressed to Education Commissioner Lucille E. Davy at 100 Riverview Plaza, Trenton, NJ 08625-0500.

**Return to School Note for Influenza (flu) Like Illness:**

During a pandemic period when increased illness may be occurring, school procedures requiring doctor’s notes for influenza-like-illness can place an inappropriate burden on the local healthcare system. The Health Department and the County Superintendent of Schools Office are strongly recommending that all school districts in Hunterdon County use the attached Return to School Note for Influenza (Flu) Like Illness. Having a parent/guardian sign the attached note instead of a note from the doctor, which also requires verification from the school nurse, will eliminate an undue burden on health care providers and help assure that returning students meet CDC recommendations. Your use of this note will contribute to providing a healthier learning environment and to keep healthcare resources available to those who are seriously ill.

**Reminder: When calling a child out sick please include the child’s symptoms and whether the child has a fever.**
