Monitoring Violations Annual Notice – Template 3-1A

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Conley Elementary School (NJ1002311)

Our water system violated drinking water requirements over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the May 9, 2025 – May 22, 2025, compliance period, we did not monitor or test pH and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant we did not properly test for during the last year, how often we are supposed to sample for this parameter, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were taken
pH	1 sample every two weeks	0	May 9, 2025-May 22, 2025	May 28, 2025

What is being done?

Several pH samples have been taken since this incident to ensure optimal WQP values are being met. NSU has reviewed the sampling requirements with the contracted laboratory and NSU operational staff to prevent a similar event from reoccurring.

For more information, please contact Kirby Hendershot at khendershot@btschools.org, 908-479-6336 or 280 West Portal Road Asbury, New Jersey 08802.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Bethlehem Twp BOE – Thomas Conley School. State Water System ID#: NJ1002311

Date distributed: 3/2/24
